Message from the Management

At Eastern International, we believe that our success is defined by
“the quality of service we provide and the level of satisfaction that we deliver to our clients”.

Our mission is to be “The Contractor of Choice”. We are committed to our clients through successful projects execution which reflect the values of Eastern International Team. The process at which we execute and deliver our projects from start to finish, to ensure the projects are delivered on time, within budget and to the required quality.

It has been a passion of mine to build an organization which challenges and develop its employees to be the best version of themselves every single day, as I strongly believe that our success begins and ends with our staff.

I am proud to be part of Eastern International team, with the benefit of leveraging on the synergy within the Bukhatir Group of companies, where we are fully committed to working diligently in satisfying our clients' requirements and providing them with a memorable and positive experience.

Engr. M. Nidal Khayyat
General Manager

Our Vision

- Create Brand in terms of customer satisfaction.
- Sustainable Growth in company's business size and profit.

Our Core Values

To provide the highly specialized aluminum products required by major projects, our team of professionals leverage leading edge technologies along with modern management tools to identify new opportunities and drive business process improvements in the current ones.

Integrity, commitment to excellence, rooted belief in the human factor as a key to success, devotion to its clients, and many more. But most importantly, Eastern considers standing up to its promises as sacred.

- We will continually strive for improving our processes and products through operating a Quality System that meets the requirement of BS EN ISO 9001:2000 to ensure the quality standards constantly met and improved.
- Continuous staff and labor training, and focusing on improving their knowledge and satisfaction.
- Sourcing high quality materials only.
- Using best machineries that serve our industry for a high quality end product.
- Following the completion of a project, Eastern believes that the client is entitled to expect a first-class after sales service for the lifetime of the building. Whether the client requires work in support of the company's warranties or planned maintenance under an ongoing regime or an emergency call out service, Eastern is ready and prepared to support the needs with an experienced and well-trained workforce.
